

# PARKANSON AUSTRALIA

**PK300ARM**

## FEATURES:

- ◆ Fully automatic cutting with hydraulic power roller feed vice.
- ◆ The angle is easily set from 45° to 90° for mitre cutting.
- ◆ Simple blade tension device assures the correct tension for optimum cutting.
- ◆ Motion sensor shuts down the machine in the event of a blade breakage or jam.
- ◆ The bandsaw stops automatically upon finishing the pre-set number of cuts.
- ◆ Includes tungsten carbide roller guides, hydraulic vice cylinder, fluid coolant system

## TECHNICAL DATA:

Cutting Capacity 90°:	Round: 280mm	Rect (HxW): 270 x 350mm
Cutting Capacity 45°:	Rect Left (HxW): 220 x 220mm	
Blade Size:	3560mm x 27mm x 0.9mm	
Blade Speed:	35, 55, 75, 90mpm	
Main Motor:	1.5kW	
Working Height:	600mm	
Net Weight:	Approx. 850Kg	
Dimensions (LxWxH):	1030 x 1800 x 1350mm	

3560mm x 27mm x 0.9mm x TPI
